Supervisor Joe Baca, Jr. brings the Holiday Spirit to the students at Monterey Elementary School.

San Bernardino, CA. - San Bernardino County Fifth District Supervisor Joe Baca, Jr. provides In-N-Out lunches and children's toys for an underserved elementary school in our community. Supervisor's visit comes in perfect timing with the holiday, bringing joy to all the students and faculty at Monterey Elementary School in Muscoy.

"As fifth district supervisor, I believe that no student and school should ever be left behind. Every student deserves the same privileges and services to assist in shaping their futures, as these children are our future. Being one of the oldest elementary schools in our district, it was the least we could do to thank the school for all they have done for our community. As a small gift to the school, we will be providing an In-N-Out truck for all students and faculty at the school, as well as toys for all the students. As the holidays approach, I felt that every student at Monterey Elementary School should begin their winter break with some holiday cheer and goodies. Now is the time more than ever to assist our children and their educators, to reward their educational achievements and to set them on the right track."

Fifth District supervisor has partnered with Sheriff's Employee's Benefit Association, California Highway Patrol, Molina Health Care, County Probation, and the County Fire Department for this event. The event will also be honoring six students for their academic excellence, which the Supervisor will be recognizing with County certificates.
