Supervisor Joe Baca, Jr. Donates \$15,000 to Vermont Elementary School

Muscoy, CA.- On Friday, April 22, 2022, Supervisor Joe Baca, Jr. presented a \$15,000 donation check to Vermont Elementary School in San Bernardino to go towards the building of a brand-new playground for the students. Vermont Elementary School falls under the maps of unincorporated areas in the Fifth District and donations like this one help assist the school serve their student's recreational needs.

“Vermont Elementary holds a special place in my heart. I know how important playgrounds are for the growth of our young students. The agility, endurance, and creativity skills that are built up in our lives starts right here on the playground. Vermont Elementary serves a lot of underserved students in our district and the redevelopment of this playground will make a difference in the perspective their students have on attending school. These children are our future, and it is our duty to protect and support them in any way we possibly can.”
